

KNOW YOUR CHILLIES

THAI TRIPLETS

7/10

We've never really developed a thick skin but we do pack a punch, so be careful what you say to us. We're sure that we'll get on just fine though because we're the best chillies to cook with. Keep an eye out for our pointy bottoms and be sure to add us to that basket and take us home.

SAMMY "THE BULLET" SERRANO

5/10

I might be known as "the bullet" because of my shape, but don't get fooled by my looks. I don't fire as hot as the others around here. I'm mostly used in the sauce industry so I've had to develop a thick skin, those guys can be MEAN! If you're looking for friends in the kitchen, I'd recommend the Thai Triplets

HARRY HABANERO

9/10

Looking for a challenge? Then I'm your guy, always packing heat everywhere I go. Tread carefully when eating or handling me because I'm as fiery as my colour.

JAZZY JALAPEÑO

6/10

"Versatile" is my middle name! Actually it's James but that's beside the point. I'm as special as a snowflake and have my own unique flavour. Stuff me with feta and roll me in breadcrumbs to make the best poppers. Pickle me in a jar. Do what you will with me. I'm really just a crowd pleaser.
